

We have been VERY happy with the Indiana "No Call" list/law. We used to get an average of 6 calls/day from "unknown" (according to our caller I.D.). Since we were added to the "no call" list as of Oct. 1, 2002, we have received NO such calls. If a Federal law is passed, DO NOT make it less inclusive than Indiana's law.... there are enough exemptions in their law already!! Sincerely, James Roberson and Marcia Starr..(812) 423-9776.
